**PATIENT SUPPORT PROGRAM**

WE ARE HERE TO HELP YOU  
*stay informed, connected, and  
supported during treatment.*

# HOW R.A.R.E. SUPPORTS YOU

R.A.R.E. is a patient support program designed to make it easier for you to access and stay on your treatment.

## The Recordati Patient Support Program Can Help With:

- **Insurance Coverage and Access Support** – Insurance Specialists support obtaining insurance coverage for your medication, and to help you stay up to date with any changes in your medication coverage.

- **Copay and Financial Assistance – R.A.R.E. can help commercially-insured patients get their medication for no more than \$20 per month.** For patients who are not eligible for copay support or who need additional financial assistance, R.A.R.E. can help connect you with alternative forms of medication coverage, or provide referrals to other possible sources of funding.\*

- **Patient Assistance Program** – Patients who lack insurance and meet certain financial requirements may be eligible for additional financial support from a Patient Assistance Program.\*

- **A Dedicated R.A.R.E. Nurse Ambassador** – Your Nurse Ambassador is there to answer your questions and support you in meeting your treatment goals.

- **Specialty Pharmacy Support** – Get your prescription filled by a specialty pharmacy partner who provides a pharmacist available by phone 24/7, regular refill reminders, and shipment alerts.

\*Restrictions, limitations, and/or eligibility requirements apply.

# STEPS TO TREATMENT SUCCESS

**1 Insurance Verification.** After your doctor has determined the treatment that is right for you, a R.A.R.E. Patient Support Program Insurance Specialist will support you and your doctor's office in verifying and obtaining insurance coverage.

- **For patients with high out-of-pocket costs,** also called copays, R.A.R.E. may be able to connect you with financial support†
- **For patients who are uninsured or underinsured,** R.A.R.E. can coordinate support from a Patient Assistance Program†

**2 Pharmacist Follow Up.** Once your prescription has been processed, a pharmacist will call you to schedule delivery of your medication to your home or another convenient location, and answer any questions you might have about getting started with treatment.

**3 Registered Nurse Check In.** Shortly after beginning treatment, a specially trained R.A.R.E. Nurse Ambassador will call you to ensure your treatment is off to a good start, answer questions about your condition or medication, and discuss your treatment goals. You can also look forward to regular phone calls from your R.A.R.E. Nurse Ambassador.

**4 Worry-Free Refill Processing.** To help you stay on track with your treatment, the specialty pharmacy will remain in contact with you regarding medication refills and deliveries.

- **For questions regarding your medication,** the specialty pharmacy hotline is available to you 24 hours a day, 7 days a week at:  
**1-888-855-RARE (7273)**

**Eligible commercially insured patients may pay no more than \$20 per month.†**

†Restrictions, limitations, and/or eligibility requirements apply.

# WE SUPPORT YOU RIGHT FROM THE START

## Your R.A.R.E. Support Team

Our knowledgeable and reliable professionals have been fully trained about Isturisa® (osilodrostat), and are dedicated to supporting your treatment goals. Your team includes:

*INSURANCE SPECIALISTS  
to help get you the best  
coverage for your medications*

*PHARMACISTS who are  
available to you 24/7,  
every day of the year*

*A NURSE AMBASSADOR to  
answer your questions and  
support you during treatment*

## Our team will stay in touch throughout your therapy.

Your enrollment in R.A.R.E. will be processed along with your prescription. However, if you have any questions or would like to discuss how the program can help support your treatment, give us a call.
